COMMERCIAL GRADE MOBILITY SCOOTERS AS USED AND PURCHASED BY AUSTRALIA ZOO

**Designed and manufactured here on the
Sunshine Coast.**

Venture vehicles are the result of a comprehensive assessment of the design features of electric vehicles from around the world. From this, we have incorporated the **best ideas** and our own innovations to produce the Ferrari in Scooter Mobility, to meet the needs of **Australian owners**. We are now proud to present a **carefully designed, robust and stable** four wheeled vehicle, suited to indoor and outdoor operation, with the manoeuvrability to that of a three wheeler. They have **strong front and rear bumper bars** for protection, a powerful Quartz Halogen headlight that can be used on the road at night to see, a large, 16kg capacity, easy access, front shopping basket which is removable from it's sturdy carry rack, **adjustable steering column** for customised comfort and a seat with arm and backrest adjustment including **360 degree rotation** for seating simplicity. Our Electronic controls comply with **stringent international safety standards** and come with an **accurate fuel gauge, complete with electronic memory**. This scooter has a "Reserve Tank Option" with a 17amp hour second battery system for backup.
